Hi Denise, George, and Stacy,

We've put together a draft Administrative Order on Consent to address SSOs, dry-weather CSOs, and unreported bypasses from GNH's sewer collection system. We had been thinking that it would be best to share this with GNH in advance of our meeting Tuesday, but Denise made some good points that sending them this in advance of our meeting might tend to disrupt our progress on CSOs.

I still wanted to send it to you folks at DEEP so you can get an idea of what we're picturing. Let us know with any comments you have.

Talk to you soon,
Jack
